SUMMARY

Computer Science undergraduate at Sister Nivedita University (2023–2027) with hands-on experience across the data analytics workflow — from cleaning and modeling data to building interactive dashboards. Built Power BI dashboards on 100K+ e-commerce records, analyzed HR attrition trends in Python, and evaluated fraud-detection models on 1M+ transactions. Skilled in Python (Pandas, NumPy, Scikit-learn), SQL, Excel, and Power BI/DAX. Seeking a Data Analyst internship to apply these skills to real business problems.

PROJECTS

E-Commerce Business Intelligence Dashboard

- Analyzed 100K+ e-commerce records using Power BI to create an interactive business intelligence dashboard
- Built KPI dashboards with Power Query and DAX.
- Designed an interactive data model with dynamic visualizations.
- Identified sales, customer, and delivery trends through data analysis.

HR Analytics Dashboard

- Cleaned and transformed employee data using Python (Pandas) and Excel to improve data quality.
- Built an interactive Power BI dashboard to analyze employee attrition, workforce demographics, and departmental performance.
- Developed KPI reports and interactive visualizations using Power Query and DAX for HR insights.
- Analyzed key factors influencing employee retention, including overtime, job role, income, and job satisfaction.
- Presented actionable insights through dynamic dashboards to support data-driven workforce decisions.

Credit Card fraud detection

- Cleaned and preprocessed 1M+ transaction records using Python and Pandas.
- Conducted exploratory data analysis to uncover fraud trends and key risk factors.
- Built and evaluated classification models using Precision, Recall, F1-score, and ROC-AUC.
- Identified the most influential features contributing to fraudulent transactions.

LEADERSHIP EXPERIENCE

Organizing Team Member | GeeksforGeeks Student Chapter, Sister Nivedita University

- Co-organized Webolution, a technical event for 100+ attendees, handling end-to-end planning from logistics to execution.
- Designed and managed speaker coordination, including preparing materials and guiding a TCS executive through the session flow.
- Managed registrations and participant engagement, working closely with a team to keep the event running smoothly.

Senior Cadet | National Cadet Corps (NCC)

- Secured 3rd position in the Cyber Defender training course and awarded by ADG NCC.
- Selected for combined training with an esteemed 65 Armoured Regiment, Indian Army.
- Represented the unit in the Best Cadet Selection at the Kolkata level.

EDUCATION

B.Tech – Computer Science & Engineering

- Sister Nivedita University
- CGPA-7.11
- 2023-2027

Higher Secondary School

- Narayana Schools
- 10th - 76% (CBSE)
- 12th - 70% (CBSE)

ADDITIONAL INFORMATION

- **Technical Skills:** Python, SQL, Pandas, NumPy, Scikit-learn, Excel, Power BI, Power Query, DAX, Git/GitHub.
- **Libraries and tools:** Numpy, Pandas, Scikit-learn, Matplotlib, Framer
- **Languages:** English, Hindi, Bengali
- **Certifications:** Cyber Defender Course (NIELIT) | IBM AI Fundamentals | Google Data Analytics Professional Certificate (In Progress) | AWS Solution Architect – Logic Labs (In Progress) | Data Structures & Algorithms using Python – TuteDude (In Progress)
